Free Collection & Recycling of Electric/Hybrid Vehicle Batteries for all ATFs

How do I arrange an EV/ hybrid battery collection?

1. Go to www.electricelves.ie.
2. Select Request an EV Battery Collection.
3. Fill in the form and click Submit.
4. ELVES will contact you with collection information.

What Do I Need To Do?

- Provide as much information as you can about the battery and the vehicle it came from.
- You may be asked to provide photographs of the battery.
- Take all necessary safety precautions when dealing with high voltage batteries particularly if damage is known or suspected.

Store Batteries Correctly

- Never mix chemistries. Keep dry and restrict access to storage area.

Dispose of EV/Hybrid Batteries Correctly

- Never dispose of electric/hybrid vehicle batteries in skips or with other waste metal.
- Electric/hybrid vehicle batteries should be recycled separately via the Electric ELVES programme.

The Electric ELVES programme provides collection and recycling of electric vehicles batteries, awareness training and further information support to ATFs. The programme is provided free to all ATFs in Ireland.
